To Whom It May Concern

Re: Anti-Drugs Association – Belgrade

This is to confirm that Anti-Drugs Association – Belgrade received a grant in April 2002 under the DAPC/UNODC NGO Grant Scheme, for their project “Knowledge Against Drugs – Parents on the Move”.

The objective of the project was to provide preventive education against drug abuse and other dependence diseases to 25,000 parents of children between the ages of 7 and 14 in primary schools in the communities of Kragujevac and Svilajnac. The project was successfully carried out and Anti-Drugs Association – Belgrade has remained in regular contact with UNODC.

We support Anti-Drug Association – Belgrade’s application for further funding to expand their programmes in the campaign against drug abuse in the country

Yours sincerely,
